

# Get Me Online

**This is all about getting your business online and social.**

It is not about getting a template website and squeezing your business into it.

We'll look at your objectives and design a landing page website to fit your brand. It will be backed up by updating (or creating) your social presence through Facebook, Instagram, LinkedIn.

## We will:

- **Spend around an hour with you in a discovery session**, so we can get an understanding of you, your users, your business and what you're looking for in a brand.
- **Set up a Facebook, Instagram and LinkedIn page** for your business.
- **Write the biography, business details and the first post** for you.

If you've already got one or more of these channels, we'll make sure they're set up correctly and say exactly what you need them to.

- **Design your profile and cover images, alongside the first post** for each system.
- **Create a 'Tone of Voice' document**, which basically outlines how you should speak and communicate to your audience online.
- **Set up a single page website, with business information, and contact information.**  
We'll do the technical stuff, you just need to tell us what you want you want it to say!

If you don't have a domain, we can sort that out too.

**Cost \$3,150** excl GST.

Payment Plans Available.

\*Note, there is a recurring cost of \$35 p/m for website hosting and \$40 annually per domain.

**Get in touch by emailing [info@bsd.nz](mailto:info@bsd.nz), and let's chat about how we can get your business branded.**
